

Belmont Zone of Choice

Because of where you live, your child can go to a school in the Zones of Choice next year. To help you choose, we want to share some information. Each year, we look at state test scores to see how much students are improving. We also use LAUSD's annual School Experience Survey to see how students are growing socially and emotionally. Together, these two data sources make up our school quality measures: **Achievement Growth** and **Socio-Emotional Growth**.

Achievement Growth (AG) shows how much a school helps students improve their test scores over time. A higher AG means the school is especially effective at helping students grow in core subjects like math and reading.

Socio-emotional Growth (SG) shows how much students are growing in important skills like teamwork, confidence, and managing emotions. These scores come from student survey responses. Schools with high SG scores are especially strong at supporting students' social and emotional development.

We hope you use this information when choosing the right school for your student.

Zona de Opción Belmont

Debido a dónde vive, su hijo puede asistir a una escuela en las Zonas de Opción el próximo año. Para ayudarle a elegir, queremos compartirle información. Cada año, vemos los resultados de los exámenes estatales para saber cuánto están mejorando los estudiantes. También usamos la Encuesta de Experiencia Escolar anual de LAUSD para ver cómo están creciendo los estudiantes en lo social y lo emocional. Juntas, estas dos fuentes de datos forman nuestras medidas de calidad escolar: el **Crecimiento de Logros Académicos** y el **Crecimiento Socioemocional**.

El **Crecimiento de Logros Académicos (CLA)** muestra cuánto ayuda una escuela a que los estudiantes mejoren sus resultados en los exámenes con el tiempo. Un CLA más alto significa que la escuela es especialmente efectiva para ayudar a los estudiantes a progresar en materias básicas como matemáticas y lectura.

El **Crecimiento Socioemocional (CS)** muestra cuánto están creciendo los estudiantes en habilidades importantes como el trabajo en equipo, la confianza y el manejo de las emociones. Estos puntajes vienen de las respuestas de las encuestas de los estudiantes. Las escuelas con puntajes altos en CS son especialmente buenas para apoyar el desarrollo social y emocional de los estudiantes.

Esperamos que esta información le ayude a elegir la escuela adecuada para su hijo o hija.
